

Project Climate Crisis: WARM ALARM

SUPPORTED BY
Veerle Van Schoelant of
30CC

WHAT DID YOU DO?

We wanted to organise a letter campaign to remind the Flemish government about the urgency of the climate change. We were organising a launch event on April 22 at Fakbar Letteren to go with this.

Students could write a letter in exchange for a free beer.

Sarah Hemelings

Rachel Peters

Elke Plataeu

WHAT DID YOU ACHIEVE?

Whilst we had achieved involvement from some famous people and planned our event, unfortunately because of corona, our letter campaign and student launch event was cancelled. The Flemish government has already enough concerns with protecting their citizens. Instead, we made a portfolio with all the letters we already received and our ideas for in the future.

FUN FACT

Pol Goossen (Frank from Thuis) and Wim Helsen both wrote a letter to the Flemish government for our campaign.
